

Special OAK-8 Update

October 17, 2017

SOAAR Seeks Your Support

OAK-8 parents,

I'm writing today on behalf of SOAAR (Supporting Orcutt Academy's Academic Resources), the nonprofit foundation that has purchased technology and instructional materials for our campus and done many other good things in support of Orcutt Academy students. SOAAR is participating in the local **Support Our Schools (SOS) Car Raffle** this fall, and we would like to ask for your help.

Here's what we are doing. Today, we are sending each of our students home with two tickets for the car raffle along with a letter and flyer about the raffle. Please look over the letter -- it provides more information about the raffle and details some incentives SOAAR has in place for ticket sales. Then, if you are willing, SOAAR would appreciate your selling or purchasing the tickets and returning payment **by Monday, November 27**. Every single ticket SOAAR can sell will make a difference ... and, if you want more tickets to sell, just let Reyes or Mrs. Lovell know, and they will get them for you.

If you have any questions on SOAAR or the SOS Car Raffle, please see Reyes, Mrs. Lovell, or me. This is a very worthwhile cause, and we hope you and your family are able to help!

Joe Dana, Principal
